PHILOSOPHY

Any system of governance is dependent upon the cooperation and collaboration of all of its components to function effectively. The whole is greater than the sum of its parts and it is the interdependence of those parts that is important to the success of any effort by the whole. Members of the College community need to respect each other’s professionalism and encourage trust and a sense of teamwork. To that end, the College of Marin has established a participatory, advisory system of governance, which includes a commitment to participation from all segments of the college community in making recommendations for the policies and procedures that govern the college. It is expected that the Superintendent/President will always give careful consideration to the recommendations made through participatory governance. However, it should be understood that all recommendations are advisory to the Superintendent/President, who will provide written rationales when not following those recommendations. The Board of Trustees holds the final decision-making authority.

College of Marin’s governance system is guided by of the California Education Code as specified in the Education Code section 70901(b)(1)(E) [Appendix A. 1.] which pertains to: governing boards of community college districts, and reads in part that they will “ensure faculty, staff, and students the right to participate effectively in district and college governance, and the opportunity to express their opinions at the campus level and ensure that these opinions are given every reasonable consideration, and the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards as well as other academic and professional matters as are mutually agreed upon between the governing board and the academic senate.” Further, the College of Marin governance system aspires to establish and practice transparency in decision-making.
College of Marin’s Participatory Governance System consists of nine standing committees and councils composed of faculty, staff, and students.

- Recommendations flow up from the committees.
- Information flows in both directions.
- College Council serves as the umbrella committee that makes recommendations to the College President.
- Individuals have access through their constituent body - the Senates and College Council.

PRINCIPLES FOR EFFECTIVE GOVERNANCE

**All constituencies work together for the good of the institution:**
This means that decisions follow a shared vision and are made in the best interest of the College. All constituencies actively participate.

**Clarity of roles and decision making processes:**
The governance system reflects transparent decision making with data that supports and/or references shared vision and goals. Decisions are clear and effectively communicated.

**Data-based decisions and discussion:**
Proposals are based on data, as are the resulting recommendations and rebuttals. Recommendations should support the College’s Mission Statement, Vision and Educational Master Plan. Timely decisions are expected.

**Professional conduct:**
All public meetings and governance committees have clear ground rules and expectations of professional conduct and respectful dialogue. As part of professional conduct, governance committees take responsibility for their decisions and make them publicly known.

Constituent Groups

**Board of Trustees**
The Marin Community College District Board of Trustees is a publically elected board which as a unit sets the policy direction that defines the educational, legal, ethical, and prudent standards for college operations, institutional performance, fiscal health and stability. The Superintendent/President works at the pleasure of the Board.

OPERATING GUIDELINES

Quorum

- Quorum for meetings will be a simple majority (50% + 1) of the Council or Committee’s filled seats.
- Seats with no appointed representatives shall not be included when establishing quorum.
- If any governance group does not provide at least one representative for a meeting, the remaining group will comprise a quorum and can take action provided they comprise a simple majority.

Composition and Population of Participatory Governance Committees

- When recommending appointments of representatives to serve on participatory governance committees, councils, task forces etc., appointing bodies will strive to allow all interested parties to serve.
- Members will be appointed for two-year terms.
- If replacements are made, the new representative will complete the term of the original appointment.
- Appointing bodies reserve the right to remove their representatives for not fulfilling their duties as specified in this document or for other reasons specified in their governing documents.
- The Academic Senate is responsible for appointing faculty.
- The Student Senate is responsible for appointing students.
- Classified staff members are appointed by the official classified staff appointing body - the Classified Professional Liaison Committee (CPLC), a joint committee of CSEA, SEIU, and the Classified Senate.
- The Superintendent/President is responsible for appointing managers.
- By the fall and spring semester census date, participatory governance committees will submit a current list of representatives and their term of office to the Planning, Research and Institutional Effectiveness Office to be posted on the COM participatory governance web page.
- Committee chair/s will notify the Planning, Research and Institutional Effectiveness Office whenever there is a change in representation and will maintain current lists of committee representatives and their term of office.

- Participatory governance committees should develop agreed upon ground rules for committee operation.
- Committees will develop annual goals and objectives and a method for evaluation.

Consensus and Voting

- All committees shall use the consensus method to reach decisions and make recommendations.
- Consensus is reached when members mutually agree to a decision and feel their concerns regarding the issue have been adequately addressed. It is not unanimity.
- A quorum should be present when taking action on an item.
- The chair should ensure that enough time is taken so all voices are heard and understood before any effort to finalize a decision.
- When working to build consensus, the chair can poll the members to determine the level of consensus among the group as follows:
  - Level One: I can easily accept the decision or action
  - Level Two: I can accept the decision or action, but it may not be my preference.
  - Level Three: I accept the will of the group, but I don’t necessarily agree with the decision or action.
  - Level Four: I cannot accept the decision or action.
- If consensus cannot be reached after 2 meetings or if the chair or co-chairs determine that consensus is not possible and further discussion would jeopardize committee timelines, a vote will be taken.
  - A simple majority (50% plus one) will carry the motion.
  - The group(s) in the minority will have the option to forward a minority report along with the recommendation.
- Training will be provided to ensure chairs and committee members have the tools and resources required to implement the consensus model.
Responsibilities of Constituent Representatives

- Representatives of constituent groups involved in the participatory governance process are responsible for keeping their respective groups informed of the proceedings and recommendations of governance committees.
- Because of the importance of regular attendance by members of governance committees, the chair of each committee will notify the appropriate appointing body to request that a replacement be appointed after three unexcused absences.

BOARD POLICIES AND PROCEDURES
(Replaces previous procedure in total)

The College of Marin subscribes to the Community College League of California (CCLC) Policy and Procedure Service. The service provides the College with legally vetted policy and procedure templates that are either legally required, advised or best practice. CCLC also provides the College with two updates per year to revise policies and procedures to incorporate new or revised laws and/or changes in Title 5 and the Education Code.

All College policies and procedures were reviewed and revised in accordance with the CCLC recommended templates and numbering system. This extensive process began in 2007 and was completed in 2012.

Board Policy is the voice of the Board of Trustees and defines the general goals and acceptable practices for operation of the College. It implements state and federal laws and regulations while adhering to all collective bargaining agreements. The Board, through policy, delegates authority to and through the Superintendent/President to administer the College. The Superintendent/President and college staff are responsible to reasonably interpret Board Policy as well as other relevant laws and regulations that govern the College. Policy is best expressed in broad statements. It legally binds the District, and therefore should be clear, succinct, and current.

Administrative Procedures implement Board Policy, laws and regulations. They address how the general goals of the District are achieved and define operations of the District. They include details of policy implementation, responsibility, accountability, and standards of practice. Although procedures may be developed by the Superintendent/President, administration, faculty, and staff members, it is the administrators who are held responsible for upholding the information delineated in the procedures.

Administrative Procedures do not require Board action.

Effective January 29, 2015, Board Policies and Administrative Procedures will be modified using the updates provided by CCLC, revisions recommended by the managers charged with maintenance of a specific chapter, or by the Academic Senate for BPs/APs that fall under 10 + 1, following the processes identified below. This process removes the Board Policy Task Force, instrumental in the original project, and assures that college constituent groups and relevant governance committees are informed of the proposed changes and given the opportunity for input into the process through College Council representatives.

Effective October 15, 2015, College Council agreed by consensus that non-substantive changes, such as added references, code changes and editorial modifications to Board Policies and Administrative procedures may be made without going through the governance approval process. Revisions of this nature will be provided as information to senate presidents to share with their constituents and with managers, and forwarded to the Board as information at the next scheduled Board meeting.
**CCLC Updates:** The Office of the Superintendent/President will incorporate changes recommended by CCLC and forward to the manager charged with maintenance of the policy/procedure for review and approval. The chapter manager will review recommended changes with appropriate staff and other stakeholders, including relevant governance committees affected by a particular policy/procedure. It is important to assure that policies and procedures referenced within the policy/procedure are also reviewed and updated as appropriate.

**Manager Generated Revisions:** The chapter manager will communicate recommended policy/procedure changes to the Office of the Superintendent/President who will incorporate the changes into the existing policy/procedure. These changes will have already been reviewed with appropriate staff, stakeholders, and relevant governance committees and will move forward through the approval process. **Note:** Changes that are not a result of a CCLC update should follow the CCLC template as closely as possible to assure compliance with law and code, especially with regard to Board Policies. Additional legal review may be required if there are substantial changes to the template language.

**Academic Senate Generated Revisions ("10 + 1" Categories):** The Academic Senate will communicate recommended policy/procedure changes to the chapter manager. The Chapter manager and the Academic Senate will review the changes to assure that there are no issues of concern. Chapter manager will forward the recommended changes to the Office of the Superintendent/President.

**Process after Chapter Manager Review**

**For Institutional Board Policies/Administrative Procedures ("10 + 1" Categories)**

1) Unless the changes were initiated by the Academic Senate, Superintendent/President’s Office will forward proposed changes to Academic Senate for review and approval. Changes or concerns raised by the Academic Senate will be sent to the chapter manager for further discussion.

2) After Academic Senate approval, proposed changes to “10 + 1” policies/procedures will go to the next scheduled College Council meeting for information.

3) After College Council, proposed changes to “10 + 1” policies/procedures will go to the next scheduled Board meeting.

4) Board Policies will go to the Board for a first read and then to the following Board meeting for a second read and approval.

5) Administrative Procedures will be approved by the Superintendent/President and presented at the next Board meeting for information. The Superintendent/President has approval authority for Administrative Procedures.
For Institutional Board Policies/Administrative Procedures (Not “10 + 1“ Categories)

1) Superintendent/President’s Office will forward proposed changes to the senate presidents to share with their constituent groups for review and approval as part of the Governance Review Process. Relevant governance committees and managers will also receive the proposed changes for review/comment. The proposed BP/AP will be agendized on the next scheduled College Council meeting where Council members will report the results of the review. College Council will determine whether it is appropriate to move the policy/procedure forward or if more review and discussion is warranted. Upon recommendation by College Council, proposed policies/procedures will go to the next scheduled Board meeting.

2) Board Policies will go to the Board for a first read and then to the following Board meeting for a second read and approval.

3) Administrative Procedures will be approved by the Superintendent/President and presented at the next Board meeting for information. The Superintendent/President has approval authority for Administrative Procedures.

Chapter 2 (Board of Trustees)

1) The Board of Trustees Policy Committee will review all Chapter 2 Policies/Procedures.

2) May take to Board for information/discussion

3) College Council for information only

4) Board Policies will go to the Board for a first read and then to the following Board meeting for a second read and approval.

5) Administrative Procedures will be presented at the Board meeting for information.

Appendix B (Previous Appendix A)

History of May 2005 Participatory Governance Plan & Subsequent Revisions

The Governance Review Council (GRC) began meeting in March 2004 to develop a new College governance system. The Council was composed of three representatives each from the Academic Senate, the Student Senate, the classified staff and the managers. Interim College President Lois Callahan chaired the GRC in spring 2004. President White chaired in the Fall of 2004. Kathleen Kirkpatrick served as a staff resource.

The GRC reviewed governance models from a number of colleges including Los Positas College, Napa Valley College, Citrus Community College District, Sierra College, Mount San Antonio College, LA Valley College, and Skyline College. The committee identified processes, committee structures and meeting procedures they believed would be effective at College of Marin. The GRC also thoroughly reviewed the College’s former governance policy and committee structure and identified elements that should be carried over to the new system.

The GRC used a process of consensus and when consensus could not be reached a vote was taken. On December 9, 2004, the GRC presented a draft of the plan and a process for constituent review to the College Council.

In the spring of 2005, a GRC Subcommittee, consisting of one member of each constituency, was formed to oversee the review and feedback process. Copies of the draft were distributed to the Senates, Management Council and Board of Trustees. An electronic copy was also available in Outlook Public Folders and the College Intranet and a paper copy was placed on reserve in the Library for constituent review. A global email and voicemail announcing the availability of the draft, two open forums and the process for providing constituent feedback was sent to the college community on February 2.

Members of the GRC Subcommittee attended Academic, Classified and Student Senate meetings to provide background and answer questions about the plan. They also sponsored an open forum on each campus to seek additional feedback. The GRC Subcommittee reviewed feedback and presented recommendations to the entire GRC. Time constraints made it difficult to thoroughly discuss all aspects of the feedback received.

The plan is designed to create a more structured, transparent, respectful and open governance system. The GRC will conduct an evaluation of the system each year and make recommendations for further improvement. The current version of the PGS Plan, committee descriptions and resources for committees to assist them in operating efficiently and productively are posted on the Participatory Governance Web Page on the College Website.
The initial PGS Plan was approved by College Council in May 2005 and officially launched in fall 2005. The plan was evaluated and revised by the GRC in 2006-07 and approved by College Council in spring 2008. GRC made recommendations to establish a Professional Development Committee and update language to reflect the current review process for Board Policies and Administrative Procedures in April 2009.

These recommendations were approved by College Council and the plan was updated April 9, 2009. The PGS Plan was revised again in November 2009 to reflect the establishment of the Planning and Resource Allocation Committee, which merged the responsibilities formerly held by the Budget and Institutional Planning Committees. The May 2010 PGS Plan was approved to reflect the revised charge and composition of the GRC. The plan was further revised in March 2011 to include the revised Facilities Planning Committee Charge recommended by GRC and update committee names.

The current PGS Plan was approved by College Council March 10, 2011. The PGS Plan was updated to include revised Educational Planning Committee description approved by College Council December 2011 and to update references from Student Senate to ASCOM. Revised April 2012 to include updated Student Access/Success Committee description approved by College Council April 5, 2012. Revised in December 2012 to change composition of College Council to include the Vice President of Student Services as a standing member and change the role of the President to that of a non-voting chair.

Changes made in 2016 reflect recommendations made by GRC to College Council regarding specific activities and responsibilities of the governance committees. In addition, PRAC, the Facilities Planning Committee, and the Student Access and Success Committee submitted revisions to their charges that were included in the 2016 PGS. Finally, changes to the process for vetting Board Policies and Procedures required adding a policy and procedure function to each of the committee’s responsibilities.
