

Classified Senate Report – 4/10/25 College Council Meeting

Classified Senate hosted two Tea Time events in mid-March. About 25 people came to the IVC event and about 35 people came to the Kentfield event. We were pleased to see classified professionals chatting and connecting over the tea and refreshments. The feedback we received was very positive. They liked how we hosted a different kind of event that included Thai tea with boba, a charcuterie board and mini donuts! We also had some butcher paper laid out on the tables for folks to write down gratitudes that provided a different way to engage with the community.

The Classified Book Club is currently reading [Outraged](#), a debut thriller novel by Brian Copeland. The current membership is 32, which is a record!

We celebrated Classified Senate Past President, Maridel Barr's recent retirement. We are happy for her but sad for us as she has been an integral part of the Classified Senate for many years. Since she stepped down from CPLC, we now have two Classified Senators, Alyssa Graff and Lauren Amundson who will share the Classified Senate seat of CPLC.

Episode 5 of our *Classified Know More* Podcast is scheduled for June 10 with guest Nikki Harris, Vice President of Human Resources. We are looking forward to a conversation with Nikki and more insight into the work of Human Resources.

Thank you.
