244	Do you have any additional feedback about this workshop? For example, what did you like best about it or how could it be improved?	<ul style="list-style-type: none"> • Excellent presentations and uplifting • This convocation was positive, engaging and left me with a positive outlook toward our collective power to move the needle for student outcomes. Bravo:-) • The theme of equity seems to continue, but without any new material, or ways of presenting it, although the presenters were much younger. I have now seen 4 different (but not really different) images of the difference between equity and equality • See comment on #4 • In the past it has been inspiring to hear from top-level professional presenters about theoretical academic issues, but I found just hearing from peer presenters to be as inspiring and a lot more useful and relatable in many ways. • Do not have 1.5 hour gap between sessions. • Well-organized program, good pace and interesting information/speakers! • Boring and filled with political messages. That is NOT the way convocation is intended to be. • Fantastic workshop! • more table discussions • I loved Kevin Muller's presentation about diversifying his art history curriculum. • I got a good information about how to deal with ICE since I have one foreign student in my class. • na • I like hearing from the faculty and staff at the college. I thought the presentations were great, and it was good to hear from the new VP. • none • The format of hearing from various departments is a great way to spread information and initiatives to the whole college. It is always great to have everyone together to increase the feeling of community. 							
ID	SUPPLEMENTARY TEXT	RESPONSES							
53	Optional Comments	<ul style="list-style-type: none"> • I liked the range of apeaker and presenters. I especially appreciated the sharing of the Sabbatical project and updates on 9 poi t plan and undocumented student support • Always a great opportunity to reconnect with other employees and with our mission. 							
143	Optional comments								
149	Optional Comments	<ul style="list-style-type: none"> • See #1 commenta • I especially appreciated the concrete strategies/suggestions for creating a more welcoming atmosphere / 'caring culture' on campus. 							
5268	Optional comments	<ul style="list-style-type: none"> • This always needs to be in-person • In person is most effective for this day's activities. However, I would have preferred KTD. The IVC location is very far from my office and my home, and therefore created transportation challenges for me, not to mention quadrupled my carbon footprint for the day. I've heard similar complaints from many, many others, so I can't help but wonder if IVC is better for the majority, or better for the few with great influence...
