

## Spring 2019 Professional Learning Survey

Dear Colleagues,

Thanks to all of you who participated in professional learning activities during the year. We are pleased to have offered 100+ events this year including 10 Flex days, fall Classified Staff Professional Learning Day, and other activities to support the unprecedented move to the remote working environment due to COVID-19. With ProLearning, we've focused this year on providing 1:1 support and outreach to ensure that all employees are able to navigate the system.

The Professional Learning Committee is now making plans for 2020-21, and we need your help. We know that the current remote working and teaching environments present new challenges, and we want to be able to provide training that matches your current needs.

Please take a few minutes to complete this survey about your professional learning needs. Your input will help us as we plan useful and engaging activities.

Click the link below to complete this short survey. Your written comments will be particularly appreciated. This survey will be available until one week after it's sent out.

With appreciation,

Cara Kreit

On behalf of the Professional Learning Committee
