

# FACULTY TECHNOLOGY SURVEY UPDATES

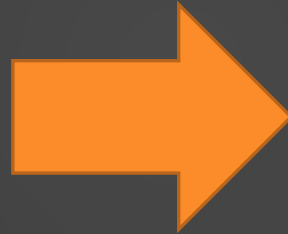

FALL 2022

SEPT. 27<sup>TH</sup> 2022

Mengqi (Grace) Yuan, on behalf of the Technology Planning Committee (TPC)

## SPRING 2022

- TPC via PRIE administered a Faculty Technology Survey in April, 2022
- Paused due to concerns over the language used for distance education
- TPC started revising with PRIE and DEC
- Planned to re-launch in early Fall 2022

## FALL 2022

- Re-engineering the survey
  - ❖ Incorporate new info
  - ❖ TPC and DEC joint survey
  - ❖ More inclusive
- Will be reviewed and vetted by DEC, TPC, and PRAC
- Will “test-drive” in Academic Senate
- Re-launch later in Fall 2022\*  
(\*contingent on definitions of delivery mode)

# *What's happening...*

DEC - research  
and develop  
definitions and  
perimeters of  
the delivery  
modalities

Tech Survey –  
solicit feedback  
and ask about  
interests

## BENEFITS TO WAIT

- ✓ Avoid sending multiple/redundant surveys
- ✓ Avoid confusion on modalities
- ✓ Gather meaningful data for both TPC and DEC
- ✓ Gain a more realistic picture to inform RPAC
