3. Discussion
   Brainstorm about PGS survey – questions/timing
   Include in the report the total # of respondents from each constituency.

   Question 1:
   Include a yes/no question for PGS committees generally before we get to each specific committee.
   Or: include in the report the # of respondents who clicked "next" inQ1because they have not served on committees in the last 5 years.

   Question 2: add a "no response" category for this and other questions in the report.
   Question 4: Noted that "very negative" was an option which no one took.

   Question 7: This question was re-worded to make it clearer.
   Questions 8 and 9: These question may be re-worded to clarify what was being asked.
   Question 10: Discussion about clarifying which committee or which year was being asked about.

Question 11: ok (quorum)

Question 13: Delete "When we are back on campus".

Question 14: Discussed adding 'not applicable" (may or may not be necessary)/ Also deleting the "before the pandemic" part of the IVC/Kentfield and then adding a pandemic related option because some people had been less inclined to do committee work during the pandemic due to screen fatigue.

NOTE: There was a Q 15 on the survey, but there was nothing in the report.

Johnny suggested finding some of the themes that were present in the free responses and making a question using those so that others could also agree/disagree.

Question 3: how have you benefitted - fine
Question 5: what do you like
Question 6: What would you change - Change question from *What is one thing* to *Is there **anything.... You would change.***

Question 12: feedback for GRC – fine.

Discussed adding a Q at the end for respondents to note any additional participation in Senates or the Curriculum Committee, hiring committees, or other committees? – **Okayed.**
