

GRIT

Guidance-Resources-Integration-Transformation

MINUTES

December 3, 2025

2pm-3pm via Zoom

Attendees: Aimee Carrillo, Carl Freschl, Alexander Jones, Rachel McClure, Ephantus Mogere, Melanie Palomino, Becky Reetz, Cari Torres-Benavides, Brier Welch

Program Review Template Revision Presentation by Alex Jones

- Key Discussion Points
 - Program Review Committee needs more time to review and update program reviews. They will work through the spring term to complete all reviews by the end of the term.
 - Considerations for Revised Program Review Template
 - Incorporate past recommendations into the updated template to allow assessment over time
 - Determine how feedback should be communicated to unfunded programs
 - Consider having the person who wrote the program review attend relevant meetings
 - Ensure Program Review Template AND Program Review Process align with accreditation standards
 - Discussed the importance of “closing the loop” with various committees. If a committee makes suggestions, there is no information about whether the changes were implemented
 - Implement a mid-point check-in between cycles of program reviews to check-in with each committee/department.
 - Provide context and support for interpreting program data to help committee
 - Meet with PRIE for data coaching

Miscellaneous

- Idea to create an email thread for sharing ideas between meetings - Subject line: “GRIT”
- No discussion held regarding Student Equity Plan 2022-2025

Action Items

- Becky: will locate the Chancellor’s Office equity goals for GRIT to review
- Alex: will send blank Program Review template to the group
- Cari: will send Chemistry or Physics materials to GRIT group in separate email for next review
- Aimee: send next Wednesday’s meeting information, update GRIT website
