Astronomy Program Review Discussion

- Key Discussion Points
 - GRIT would like to send PR back to Astronomy department for clarity on:
 - Completion rates of Lab Class – desegregate by race & ethnicity
 - Meet with Holley to review data
 - Data around Gender – DI for S23, F23, F24, S24, etc.
 - Data interpretation for Completion vs Success of the class
 - Assess SLOs for data sets
- If PR are unclear, GRIT sends back to the department and requests for them to do a follow-up
- In new PR template: they are creating the template to fully address GRIT needs
- We will review Chemistry PR March 11th
- Kinesiology has resubmitted their PR which GRIT will review

Program Review Template

Pg. 2 – Matrix for the Course

- Mention of accessibility

Other

- Key Discussion Points
- Cari's team wants to standardize the data coaching (have it be required) so that there is less variability in data in PRs

To-Do Items

- Becky to reach out to Astronomy Department with GRIT's feedback
