3. **President's Report**

PGS Revisions – *Dr. Coon reminded the council members that they received the revised Participatory Governance Plan via e-mail for review and comment after the last College Council meeting in May in order to take action over the summer when there no scheduled meetings. Constituent review occurred, comments were incorporated, and the plan was approved on-line. This item is intended to confirm that action in the minutes.*

Dr. Coon also briefly reviewed the changes made to the plan including definition of quorum, chair and co-chair designations and vacancies, teleconferencing and electronic actions, staff resource positions, and committee involvement in review of Board policy/procedure as applicable to a committee charge.

IVC Visioning/Farm – *Vice President Eldridge updated the council on the change of management of the IVC farm to the College of Marin since the current plan in no longer financially feasible for the Conversation Corp of the North Bay. Plans are being made to add a classroom and demonstration kitchen. A farm supervisor will be hired and programs will be expanded to include hospitality, agriculture, increased environmental landscaping courses as well as increased community education courses and certificate programs. There will be a bridge year where the farm will be maintained during the transition and while the new building is constructed. The college will maintain its current partnerships at the farm and there will be volunteer and paid work positions available. Teachers and students will benefit from an additional learning space and opportunity to expand programs. Community forums will be held on October 24 and November 8 to outline details and solicit input.*

There will also be a community forum held on November 2 to engage in discussions and solicit input for the IVC Visioning process. A steering committee has been meeting to

discuss options for the IVC campus including the farm and garden, the pool, the community center and expansion of programs and community education.
