1	I hope the state PD recommendations will be implemented by the Board of Governors. It will make a huge difference in COM's ability to plan more consistent and sustainable PD activities.	5/16/2013 7:11 PM
2	The system takes to long to get items resolved since most commities meet on a monthly bases.	5/16/2013 2:58 PM
3	Our committee did not meet very much during this last semester. This made it difficult to objectively say wether or not we truly met objectives of the committee.	5/15/2013 7:07 PM
4	We need to have a faster and more effective way to share information between the various components of the system.	5/15/2013 6:52 PM
5	I attended only one meeting so my views may not reflect the work of the group over the past year but I was surprised on how inefficient and confusing the meeting was. I felt very little was accomplished in the meeting I attended.	5/15/2013 6:51 PM
6	Overall positive experience.	5/15/2013 1:44 PM
7	I felt GRC made some good improvements that will increase communication and transparency this year including the direct link to the PGS Web Page on the College web site, the PGS FAQs we created and the Goveranace Calendar.	5/15/2013 1:41 PM
8	Involvement of IT in assessing lab computer requests at the front end of the committee's process would be very helpful, and the committee would like to see that happen next year. Otherwise the IEC's process has smoothed out considerably over the last couple years and things seem to be working well.	5/14/2013 1:00 PM
9	As a new committee member, it would have been useful to me if I had asked for a 10 minute orientation about the committee from the chair before I attended my first meeting. As it was, I think I caught on pretty quickly, but some kind of brief orientation for new committee members might be useful. I say this from experience from serving on other committees as well.	5/13/2013 1:55 PM
10	I feel like every year things are getting more transperant and I feel the Participatory Goverance System has played a role in that.	5/13/2013 9:43 AM
11	Excellent leadership. Thank you Sara and Carl!	5/10/2013 3:55 PM
12	As we had another change in leadership in Student Services, the scope and responsibilities of this committee once again was redefined. I am confident in the new direction the committee is moving in and I feel we will be able to make several well-informed recommendations in the very new future.	5/6/2013 3:22 PM
13	EPC members rock!	5/1/2013 8:18 PM
14	1. Students are not participating regularly. This hurts the committee because we lack the student viewpoint, it hurts the students because their voices are not being heard, and it hurts the process because the quorum is affected. PGS needs to work with the student groups to facilitate their participation. 2. There seems to be too much detail provided in minutes: a. In one of our committees, no one will volunteer to be secretary because it is too time-consuming. b. Some people won't speak up because they don't want every little thing they say recorded and posted online. c. We spend too much time arguing about who said what just to approve the minutes. d. It is a waste of paper! In most cases, we could have meeting summaries of action items, only, emailed, only, and approved online or discussed from a projector if necessary.	5/1/2013 4:40 PM
15	It would be a good procedure to incorporate review of the action items from the previous meeting to reinforce trust in system and follow-up (although no serious problems occurred this year).	5/1/2013 4:24 PM
16	A positive environment to learn about what is happening at the college and to have a voice in the group you represent. It is valuable to be able to have contact with the college President and others who work on campus.	5/1/2013 8:11 AM
17	The system seems to be improving and the campus environment is more pleseant.	4/30/2013 6:44 PM
18	Kathleen was great keeping us on task. She will be missed!	4/30/2013 6:30 PM
19	Kathleen did a great job of keeping us on task. She will be missed!	4/30/2013 5:39 PM
