4. Strategic Plan Performance Indicators: measuring progress over the life of the plan, new metrics may span the six years covered by the EMP. Performance indicators (PI) are used to measure the success of each goal. Review of PI to see if they reflect the intent of each goal. Baseline and target indicators are being developed by Holley Shafer. This discussion reflected that more work

is needed on aligning the PI for each goal. Cara will take the comments from today's discussion back to the various focus groups for each area of the Strategic Plan to review the PI and make revisions as needed. A additional meeting for Sept 23 is scheduled to continue this conversation.

Next EPC meeting is tentatively September 23, 2019
