

FACILITIES PLANNING COMMITTEE
January 26, 2022

Agenda

Present: Terry Brown, Klaus Christiansen, Paul Wilson, Blaze Woodlief, Jeff Cady,
Resources: Patrick Ekoue-totou, Isidro Farias, Greg Nelson, Maridel Barr
Absent: Stormy Miller

TOPIC	DESCRIPTION	TIME	CATEGORY:
1. Intro, agenda	Approve agenda Approve minutes	3 min	Action
2. Measure B Update	Isidro Farias	10 min min	Discussion
3. Miwok and Jonas accessibility FAQ	Stormy Miller and Klaus Christiansen	30 min	Discussion
4. Updates Covid-19 and Facilities 5. EV Charging	Klaus Christiansen	15 min	Discussion
6. Closing	Confirm next meeting date(s) if indicated by group	2 min	Action

Agenda and Minutes

Motion to approve and adopt the agenda by Terry Brown/ Paul Wilson. Motion to approve and adopt the Minutes by Terry Brown/Paul Wilson.

EV Charging Stations

Patrick added to the agenda comments regarding his request to add the IT department into the discussions regarding the EV Charging station. Klaus responded they will be reaching out to them on the project.

Measure B Update

Isidro reported on progress at the 830 College Ave. Welcome Center. The move into the building is scheduled for February 24 and 25. The building is painted and new signage was placed at the front of the building. The LRC has several phases of development. The first phase is site improvements which is where we are now with full construction to start in two years. We have lots of float in the time schedule to work on the utility issues. We plan to deal with mitigation issues early on. Miwok is at the final stages of completion. The interior courtyard area at IVC was used as a lay down area for construction. So, it could use some improvements after this construction.

Greg noted for ADA compliance hand rails are not required because it is only a 1 or 2 % grade. We cannot put parking at the front door to the building. The new pool has less distance from the ADA parking spots than the old pool.

Isidro also reported the Facilities Master Plan will be going through a one-year process of development. It will be brought to this committee several times throughout the process for review.

Miwok and Jonas Accessibility FAQ

Klaus reported we are following all the ADA codes, so we are in compliance with the regulations. We have been having questions about accessibility and are discussing the idea of creating a FAQ fact sheet for Miwok and Jonas. Some of the questions are around parking and ramps. More to come on this later.

Covid-19 Updates

M&O is deploying HEPA filters (air purifiers) to all classrooms. 85% have been placed and we are waiting on one more shipment. Also, surgical masks are being distributed to the Administrative Assistants to distribute to faculty and staff. Another order of KN95s are coming. Hand sanitizers and wipes are on order as well. In person classes start 2/5 for ESL students and 2/7 for the rest of the student population. Discussion around the air purifiers because some people consider them to be loud. There are 3 speeds, so you can adjust them and the lower speeds also lower the sound which is a light white noise. If you need sanitizing supplies ask the Administrative Assistant in your department to put in a school dude request for wipes, sanitizer or masks.

Patrick mentioned he worked with Lindsay to update the symptom tracker to include a question about whether the person has gotten the booster. Greg mentioned senior management and the Covid oversight committee are discussing the possibility of requiring a booster.
