*Strategic Plan Objective SAS5.1:*

*In early spring 2020, counselors called students on academic probation to establish communication with them and refer them to resources/support that they might need. Additionally, academic standards have been revised to encourage progress toward graduation and provide students with earlier notification of academic performance.*

*Strategic Plan Objective SAS5.2:*

Participation in learning communities continues to increase, especially in MAPS, which had nearly 200 students affiliated with the program in the last academic year. With the transition to remote instruction, the learning communities have provided a critical connection to the College and sense of community among the students.
